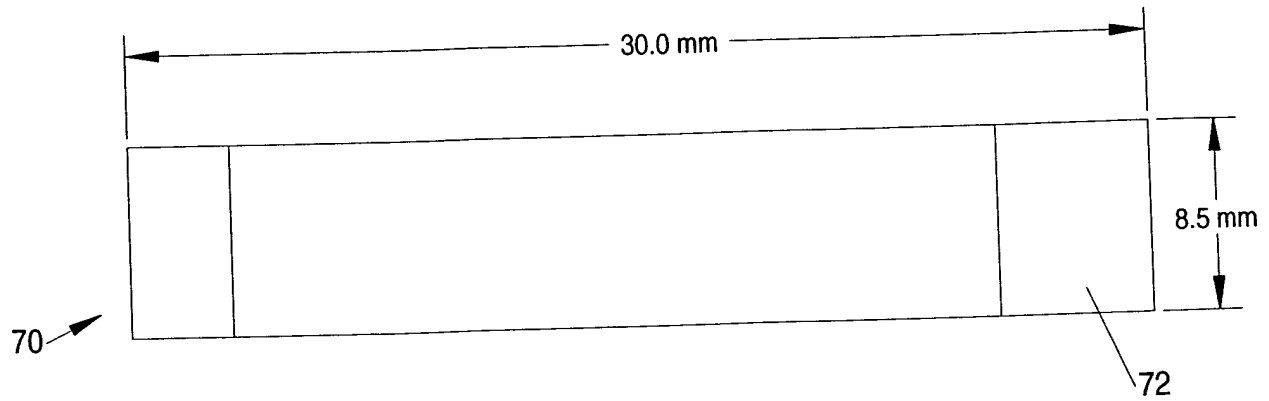

FIG. 12

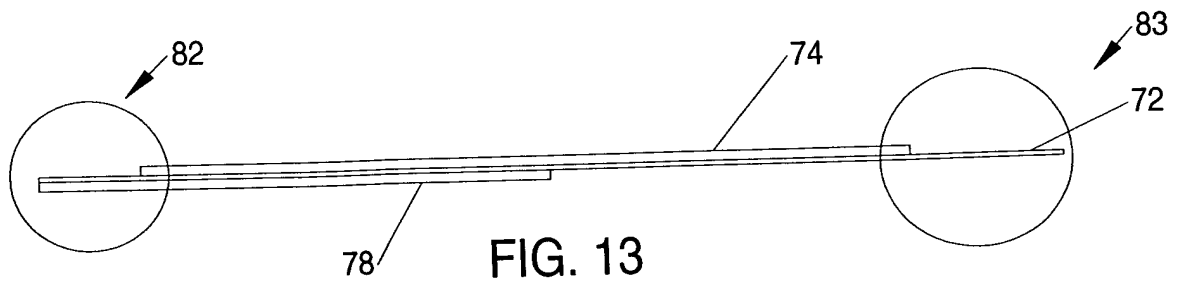

FIG. 13

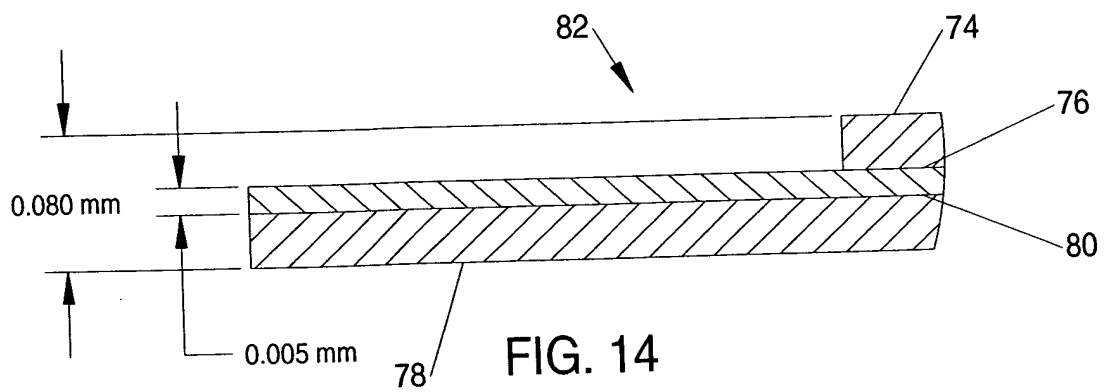

FIG. 14

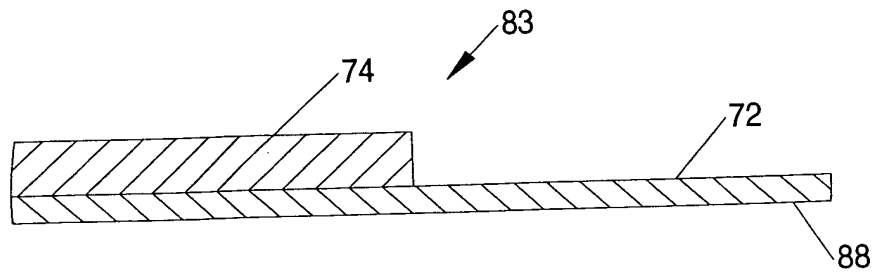

FIG. 15

FIG. 16A is a cross-sectional view of a multi-layered cable or hose assembly. It shows a central core (48) surrounded by multiple layers. The layers are labeled with reference numerals: 64, 30, 64, and 70. A bracket on the right side of the assembly indicates that the layers 78, 72, and 74 are part of a group labeled 70 with a negative charge symbol (⊖). Another bracket on the right side indicates that the layers 64, 36, 32, and 34 are part of a group labeled 30 with a positive charge symbol (⊕). The central core (48) is also labeled with a positive charge symbol (⊕). A small detail (84) is shown at the end of the assembly.

FIG. 16B is a top-down view of the same multi-layered cable or hose assembly, showing the concentric layers and the central core (48). The layers are labeled with reference numerals: 96, 90, and 48. The central core (48) is shaded with diagonal lines.
